Scotgrip® HD Kicker Tread® stair nosings are extremely durable and will remain highly effective for many years.

MANUFACTURED TO CUSTOMER SPECIFICATION

Scotgrip® HD Kicker Tread® stair nosings are manufactured to your requirements as the tread needs to be fairly snug with the stairway stringers.

SAFETY 'KICKER'

A safety 'Kicker' is incorporated at the rear of the Kicker Tread® to prevent objects being dropped or kicked over the back of it to fall below. We recommend this upstand 'Kicker' to be at least 100mm (4" approx.) in height. We can increase or decrease the height to suit your requirements.

EASE OF INSTALLATION

Scotgrip® HD Kicker Tread® stair nosings are designed for quick and secure fitting, either by mechanical fixings or bonding to existing surfaces. These products are pre-drilled where required for quick installation. Scotgrip® products are non-load bearing and must have a suitable underlying structure to be secured to.
