

WALKWAY & DECK SAFETY

Scotgrip® HD Anti-Slip Weld Deck Tile

Scotgrip® HD anti-slip Weld Deck Tiles incorporate the unique Scotgrip® high-traction anti-slip safety surface which gives a sound foot-holding in the most extreme conditions. These heavy duty, tough and durable products are manufactured under BS EN ISO 9001:2015 quality controlled conditions comprising of a reinforced composite base and a graded aggregate surface. As a Scotgrip® quality standard, these products are fire rated, spark and friction tested.

Steel decks are quite acceptable when dry but can become extremely dangerous when wet, soiled or painted. By installing Scotgrip® HD Weld Deck Tiles not only is this slip hazard eliminated but the lifespan of the underlying structure is greatly increased. These heavy duty products are secured as the name suggests – by welding. This unique safety product is manufactured with built in protruding steel plates around the perimeter of the tile. These plates are positioned in such a way that if more than one tile is fitted they can be butted up together by means of interlocking the protruding steel plates.

- Eliminates 'Slips and Trips'
- Cost effective
- High traction anti-slip safety products
- Tough and durable
- Standard sizes and custom made
- Fully guaranteed
- Fire rated, spark and friction tested
- Non corrosive
- Easy to fit over existing deck
- Reflects positively on personnel performance

Step into a safer environment with Scotgrip®

STANDARD SIZES OR TO CUSTOMER SPECIFICATION

Scotgrip® HD Weld Deck Tiles are manufactured in a wide range of standard sizes (see table opposite). We regularly manufacture custom sizes to suit individual locations.

SAFETY MESSAGES/INFORMATION

Scotgrip® SignAlert® can be added to any of our walkway/deck range of products. Safety messages are proven to be an effective method of warning personnel of any hazards or hazardous areas they may be exposed to. Safety messages can be of any description and can even incorporate the clients company logo.

EASE OF INSTALLATION

Scotgrip® HD Weld Deck Tiles are designed for quick and secure fitting by welding the protruding steel plates onto the steel deck. Scotgrip® products are non-load bearing and must have a suitable underlying structure to be secured to.

QUALITY – IT'S WHAT DRIVES US

All Scotgrip® HD safety products are manufactured under BS EN ISO 9001:2015 quality controlled conditions using highly compatible raw materials at our premises in Banchory, UK.
