

## SAFETY MARKING

### Scotgrip® SignAlert® Safety Marking System

The Scotgrip® SignAlert® safety marking system is proven to be an effective method of warning personnel of any hazards/hazardous areas which they may be exposed to and also serves as a reminder to think of safety at all times. The Scotgrip® SignAlert® safety marking system can be added to virtually all Scotgrip® HD anti-slip & polyurethane safety product – the most popular being stair nosings/treads, Kicker Treads®, tiles, ramps and polyurethane matting.

Scotgrip® SignAlert® can be of any description and can incorporate standard safety signage along with the client's company logo to create a more positive impact with regards to the safety messages given. These tough and durable products are manufactured under BS EN ISO 9001:2015 quality controlled conditions.

- Add to most Scotgrip® safety products
- Tough and durable
- Cost effective
- Fully custom made
- East to install over existing surfaces
- Reflects positively on personnel performance
- Standard safety signage
- Custom messages/company logos

*Step into a safer environment with Scotgrip®*

### SIGNALERT® STAIRWAY SAFETY

As a guideline we would recommend the following SignAlert safety messages for each stairway:

**1x tread for top step (USE TRAILING HAND TECHNIQUE)**

(this message is readable when walking down the stairway)

**1x tread for bottom step (USE HANDRAIL)**

(this message is readable when walking up the stairway)

Depending on the stairway size, (no. of steps) another SignAlert tread could be positioned half way up the stairway. To finish off the stairway, all remaining treads can be covered with black/yellow Scotgrip HD anti-slip stair nosings.

### SIGNALERT® POLYURETHANE SAFETY

Scotgrip® SignAlert® safety messages are available on all Scotgrip® anti-slip polyurethane safety products. Safety messages can be of any description and can even incorporate the clients company logo.

### HIGH-TRACTION ANTI-SLIP

Scotgrip® SignAlert® safety products will provide a sound foot holding even in the most extreme conditions and will eliminate 'Slips and Trips' in your working environment. Please note: the product type and size will determine the message size and surface grade available.

### SURFACE GRADES

High Profile (super coarse) – 6mm aggregate (1/4" approx.)  
 Low Profile (extra coarse) – 3mm aggregate (1/8" approx.)  
 Fine Profile (coarse) – 1mm aggregate (1/16" approx.)

### HIGHLY VISIBLE

Colour coded in a wide range of colour schemes to suit individual locations.

Colour codes are: Safety yellow, black, green, grey, blue, red, white.

Photoluminescent marking is available

Other colours available – please ask

### HEAVY DUTY

Scotgrip® SignAlert® safety products are extremely durable and will remain highly effective for many years.

### STANDARD SIZES OR TO CUSTOMER SPECIFICATION

Scotgrip® SignAlert® safety products are manufactured in standard sizes (see table opposite). We regularly manufacture custom sizes to suit individual locations.

### SAFETY MESSAGES/INFORMATION

Scotgrip® SignAlert® can be of any description to promote safety messages/information and can incorporate the client's company logo to create a more positive impact with regards to the safety messages given.

### EASE OF INSTALLATION

Scotgrip® SignAlert® safety products are designed for quick and secure fitting, either by mechanical fixings or bonding to existing surfaces. These products are pre-drilled where required for quick installation. Scotgrip® products are non-load bearing and must have a suitable underlying structure to be secured to.

### QUALITY – IT'S WHAT DRIVES US

All Scotgrip® HD safety products are manufactured under BS EN ISO 9001:2015 quality controlled conditions using highly compatible raw materials at our premises in Banchory, UK.
